ABOUT THE INSTITUTION

Government College of Education is the Premier Teachers Training Institute established in the year 1955 with first Principal Sh. L.D. Suri and has reference having great heritage of its functioning much earlier as Teacher Training School. Right from its inception the college has been a hub of academic, socio-cultural and intellectual activities. The college always stood strong and high to face challenges of the society and acted as a visionary towards having broad educational outlook. The institution is striving hard towards excellence both in human resource development and infrastructure. The college as a team consists of staff and students along with other stake holders. It upholds itself as a model to impart 'value', 'education' and teaching for the new generation and strengthen the process of teacher-learning.

About The Seminar

Jammu and Kashmir state is in the northern part of India. The state is divided into three regions namely Kashmir, Jammu and Ladakh. Amidst of a scenic topography of range of himalayan mountain it attracts tourists from all over the world. However, it also faces challenges of various nature which shakes the normal life style of people at times in which education too could not escape the consequences which disturbs the learning outcome of students in great many places in the state. The Govt. is under great concern to develop and maintain the educational outcome of the students at all level. To promote education the Govt. provides great encouragement and provide funds to introduce innovative practices, hold various capacity building programs to improve quality of teaching, revision of pedagogic learning contents, periodic seminars, workshops and group discussions.

Thus, as part of system of Higher Education of the state, it is our prime concern to extend our hands of support to develop, enhance and design a futuristic teaching – learning program for all.
